CAMERON COUNTY EMPLOYEES TEST POSITIVE FOR COVID-19

Today, February 5, 2021, the Office of Cameron County Judge Eddie Treviño, Jr., has been notified that two (2) employees from the Juvenile Probation Department, one (1) employee from the Parks and Recreation Department, and one (1) employee from the Sheriff's Office have tested positive for COVID-19. Due to privacy laws, Cameron County will not release specific employee information.

The Public Health Department is working closely with elected officials and department heads to continue taking the appropriate steps to keep their employees and the public safe. Constituents are asked to continue to conduct business online by going through the County's website at <https://www.cameroncounty.us/>.

"In the continued effort to make sure everyone is at a closer proximity to receive the Vaccine, this week we successfully allocated Moderna Vaccines to the City of Brownsville, the City of Port Isabel, and different entities and doctor's offices that are State approved COVID-19 vaccine providers. Today, we held our second dose vaccination clinic in Harlingen and it marks four weeks since we first held a mass vaccination clinic in our County. We are scheduled to hold two second dose vaccination clinics next week and I remind everyone that your second dose location will be the same location of your first dose. Thank you everyone for your continued support in this vaccination endeavor and to those who helped make today's second dose vaccination clinic a success. To all County employees, please follow all health and sanitation protocols when in public to prevent the spread of COVID-19 both at work and at home," stated Cameron County Judge Eddie Treviño, Jr.

The Cameron County Judge's Office will continue to provide updates as needed.
